Pocomoke City
Capital Improvement Plan (CIP)
SFY 20

Application Summary for Clearinghouse

Pocomoke City is submitting an application to the Department of Housing Community Development (DHCD) Community Development Block Grant (CDBG) in the amount of $30,000 to hire a consultant to develop a Capital Improvement Plan (CIP). This plan will provide a direct link between Pocomoke City's Comprehensive and Strategic Revitalization Plans as well as its annual budget. The outcome should provide a five-year plan and will identify capital public projects, equipment purchases, any suggested studies, in conjunction with construction and completion schedules, and in concert with financing plans.

This plan will provide a working blueprint for sustaining and improving the community's infrastructure. It coordinates strategic planning, financial capacity, and physical development.
