Grant#:

Project Title: Henderson Ave. Courts and Community Area

Description: This project will transform an inaccessible, underutilized and unprogrammed gravel lot into a vibrant recreational destination and community gathering spot that serves all ages and abilities. Proposed improvements include four sports courts; seating and picnic areas (including a large picnic shelter); and accessible pedestrian and bicycle connections. Improvements to the adjacent parking include shade tree planting, impervious surface reduction, pedestrian safety, traffic calming, and accessibility. The project advances environmental goals and resiliency through reforestation tree planting, native planting, stormwater management BMPs and habitat enhancement.
